Star Lovers

This report is designed exclusively for love relationships. The interpretation for Justin and Cameron uses a technique called 'Synastry' which is the branch of astrology dealing with relationships.

You should remember that any love relationship may be viable if both parties are willing to work at it. However there are always some adjustments and compromises to be made, since we are dealing with two separate individuals with wills of their own.

Because we are connecting two individuals, investigating a relationship is complex. This kind of astrological analysis is much like looking a statue. When you contemplate a statue from the front you can see something of what it looks like, but it is only by walking around it and viewing it from various points that you begin to understand more about its total composition. And so it is with the investigation of a partnership.

In Star Lovers report there are distinct sections, examining the relationship from different vantage points:

Part One - Relationship Potential For You Both

An overview of Justin followed by Cameron, describing your relationship potential and each of your personal needs in partnerships, as well as love and sexual relationships.

Part Two - Interactions Between You Both

How each perceives and experiences the other.

Specific contacts between you outlining the attributes and potential problems in the relationship.

Part 1 - Relationship Potential For You Both

Justin's Relationship Potential

The 5th, 7th, and 8th houses are concerned with relationship potential. While they have other meanings, here they are defined and interpreted as Justin's love relationships (5th), Justin's partnerships (7th) and Justin's sexual relationships (8th).

Justin's Love Relationships

The 5th house describes romance and courtship; the qualities wanted in a lover and in a love relationship. You may be attracted to different types of lovers, but contentment is most likely with one person who combines the qualities shown.

5th House Cusp

The grass is greener on the other side

You're happy-go-lucky approach to life and love and your natural optimism and enthusiasm makes you a much sought after lover. Restless and easily bored, you need variety both in and out of the bedroom and so your natural curiosity can be mistaken for promiscuity. Virtually unshockable, you enjoy romantic adventure and are ever eager to broaden your broad mind.

Therefore you are drawn to relationships with people from different cultures and countries who enrich your life and worldview. However you've a tendency to think the grass is greener on the other side and so there may be times when you need to develop a little more patience and persistence when it comes to love if you're not to regret letting someone special slip through your fingers. Impracticality coupled with your natural generosity towards your lover could get you in a tight spot financially but somehow you always manage to land on your feet, even if you're left with holes in your shoes.

The emphasis in love relationships is on movement. Once something new is experienced and digested, you go on to different situations. Your lover may not always be consistent, but you should be philosophical about it and focus on having fun.

in 5th House

Serious pleasures

You take your love life seriously and need to be careful not to treat courtship and the sex act like a commercial arrangement or make too many demands too soon and thereby frighten off potential lovers. You can be a real contradiction when it comes to matters of the heart; while you get a perverse pleasure from playing the puritanical vicar in public, in private you can be a very naughty little devil.

While your public persona may deter more overtly sensual individuals (although it's often the reverse!!!), at the same time you risk attracting those who feel their chastity is safe in your hands. Therefore your love life is likely to be a litany of some rather peculiar entanglements. Ideally and eventually, you will find yourself drawn to those who share your quiet dignity while improving your status in the eyes of the world.

You do not take romance lightly and are uncomfortable with those who refuse to commit themselves. You are drawn to serious, dependable people. Your lover may not often take you to amusement parks, but the Stock Exchange can be fun, too!

5th House Ruler ♃ in 2nd House

The price of love

Your romantic life and ability to express your feelings of love and affection are intimately connected with your feelings of self-worth and self-esteem. It is important for you that your lovers share your values but you need to guard against being too superficial and the tendency to treat your lovers as possessions, or trophies.

Since your lovers will have the potential to greatly influence your emotional and financial security, these areas of your life should be given special consideration since they can reflect the healthiness of a particular romance.

There will be a definite connection between your feelings of self-worth and your romantic status, or you may try to place your own values upon your lover. You may also maintain integrity by treating on dates, or occasionally sharing expenses.

♀ in 5th House

The pleasure principle

Lovable and romantic, you may often feel you're cupid's favourite target. A self-indulgent pleasure seeker you don't have to put much effort into finding opportunities for love and romance. Your enjoyment of rich food and good living may make you appear a little lazy, especially since you draw others to you with such ease, but that's just the way you are, adorable.

Sensual, tactile and playful, you're natural talent for making your lover's juices flow, you enjoy pleasing, teasing and delighting your lover. While it may not be immediately apparent to others, you do however have a deep and refined romantic and artistic side to your character and ideally you also seek this in your lover. Deep down you desire a love that is both deep and profound and while pleasure for pleasure's sake really isn't enough for you it's often so close at hand that you may postpone pursuit of your ultimate ideal until you've had your fill of earthly delights.

You mainly want pleasure in love affairs and tend to believe that love conquers all. This view may not be realistic, but by concentrating on the romantic side of your lover, you may overlook petty flaws that could detract from your pleasure.

Justin's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems so they are more fully addressed here. When Justin's love affair shifts to a partnership the complexity of his relationship changes according to characteristics described by signs and planets in the 7th house, and the position of the house ruler outlined below.

7th House Cusp

No ordinary love

Because you demand a lot from life you also demand a lot from others and when it comes to your close personal relationships you don't want "no ordinary love". You are drawn to individuals who like yourself, have something more to offer the world or at least something different. You may find yourself involved with someone who is a non-conformist, a revolutionary, a genius, an anarchist or a crank. Whoever they are they are unlikely to be ordinary, "run of the mill types". While your sense of pride demands a faithful partner you also want lots of freedom and independence in your close personal relationships.

Unconventional and contrary types are drawn to you because you do have a certain undeniable star quality and charisma about you. At times you have to tread a fine line between maintaining your individuality while keeping a committed and supportive relationship alive. Others may also find that your private persona, up close and personal, is very different to the one you present to the wider world. Your desire for freedom within your relationships also becomes an issue about how you balance your need for emotional security and the risks of greater freedom and independence.

Nevertheless it is important that if you do team up with individuals on the fringes of society, that you are doing it for love and not simply to rebel against traditional expectations about relationships. You are also likely to be unconventional in your approach to partnerships and while you can make a very loyal, faithful, and devoted mate, you would rather walk away from a promising situation if it means that you have to compromise your own self-worth, values or pride. You feel it's possible to be committed without being totally faithful which others may not appreciate.

You may marry someone from a different cultural or religious background than your own; or a person who is a free spirit. You consider your view of relationships to be modern, but here words may truly speak louder than actions.

X in 7th House

A marriage made in heaven

Your reserved practical and analytical approach to the world can be very effective and efficient when it comes to getting things done. However, it's very likely that the more organized and efficient your approach to life, the more likely your close personal relationships will be the very opposite. Your relationships are probably a source of much chaos and your romantic dreams likely to draw you at times to people who may be totally unsuitable.

You may happily clear up the mess others make, looking after the details they forget or neglect. Of course such a combination really can be a marriage made in heaven and you are likely to idealize your mate. The key to making it work for you may be to adopt an attitude of unconditional surrender and self-sacrifice. Because no relationship or individual can escape your critical eye and so the more you idealize your mate and put them on a pedestal, the more you are setting yourself up for subsequent disappointment.

It really is okay to make a mistake and while you are likely to have some very peculiar and unusual experiences in relationships, it is important to try to relate as equally as you can to your opposite number. Try not to let your critical eye prevent you from getting up close and personal with someone who, while less than perfect, may well be able to help you get your deeper needs met. You are attracted to beautiful dreamers, and they to you, because together you can combine reality and romance, making your hopes and dreams a reality. Try to avoid taking over the lives of your opposite number and trust them to take you down a more rewarding, if uncertain, path to happiness and love.

You want to be as one with your partner, experiencing the problems and triumphs as though they were your own. Be careful not to lose your identity by relating too closely with another. Ask your partner to share some of YOUR dreams.

7th House Ruler H in 4th House

Safe haven

You need a partner who acts like a port in a storm, a person who represents a safe haven from the harsh realities of life. A partner prepared to stay in the background and yet who can offer you comfort, support and stability. Your family are likely to have an undue influence or affect on your choice of partner and you may be drawn to someone who acts like a surrogate parent to you.

You need someone a little docile, domesticated but at the same time warm and loving. However it is important that you don't let preoccupation with a significant relationship from the past prevent you from making the most of opportunities in the here and now.

There is a strong nesting quality here connected with partnerships. When the home is insecure, you may question the validity of the relationship. Therefore you should undoubtedly concentrate on establishing a firm, but comfortable home base.

♀ in 7th House

A meeting of minds

You like to talk and share your ideas with your opposite number. For you a marriage of minds takes precedence when considering the suitability of a potential partner. While you love flirting, repartee and innuendo you may neglect the sexual side of your relationships. This may be a problem for some of your partners, who are not only interested in your beautiful mind. You learn much from your intimate relationships and may prefer a younger partner who is quick witted and alert and keeps you on your toes. You need to not let your concern with what other's think stop you from doing your thing. Your desire for mental cooperation and communication draws you to relationships with intelligent, shrewd but sometimes unreliable individuals. However problems are most likely to occur in your relationships because of misunderstandings, differences of opinion and arrangements that are not kept. Try to avoid nagging chatterboxes. You may become intimately involved with a distant relative, a school friend or a twin.

You believe that problems in your partnership can be avoided by discussion, and lines of communication must be kept open. Combined with other factors in your chart, conversation flows easily or requires effort. Either way, it will be an issue.

Justin's Sexual Relationships

For relationships, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. As with the other houses, signs and planets in the house and house position of the ruler are used to determine Justin's sexual needs and the characteristics of his sexual partners. Since sexual activity can be part of love affairs (5th house) or partnerships (7th house), decide which your relationship is and combine the definitions. If it's only sexual, you can ignore the other two houses.

♃ 8th House Cusp

Sexual fantasist

An idealistic dreamer and even a bit of a fantasist, you can be very emotional and sensitive about sex. You have the gift for expressing your passion and desire in a subtle and imaginative ways, although you need to be crystal clear to avoid unclear and embarrassing situations. Somewhat elusive when it comes to your approach to sex or the details of your sex life, your secretiveness may give the impression there is something mysterious or taboo going on.

At times you seek escape from the humdrum of life through sexual excess, and therefore may have to wrestle with your deeper and darker desires, to get a hold on them rather than be at their mercy, as if enslaved, compulsively indulging in inordinate sexual activity. To melt and merge with another can be heaven but it can also lead you to the sewer, as you become increasingly entangled, and spellbound, dissipating your resources and the risk of being drawn to self-destructive and compulsive sexual behaviour.

You may look upon sex as a mystical experience, but you might have to learn that it is as blessed to receive in this area as it is to give. Suffering is not the only way to tap into the universe. Sharing of pleasure can produce the same results.

8th House Ruler ♃ in 4th House

Sex and psychology

There is a strong likelihood that your attitude towards sex and intimacy will be greatly influenced by one of your parents although you might not be aware of it or how deep and pervasive it may be within you. This may work out as a deep-seated complex in which you over-idealise the parent after which every subsequent partner falls short of your, or your parent's, estimation.

You may choose not to follow in the footsteps of a parent but to live your (sex) life differently from what the expectations of your family and background might suggest. Sex for you can be a great source of comfort and support, often feeling that only by having your flesh and your soul intimately involved with another can you experience real trust and emotional fulfilment.

Your sex life could also be a barometer of your emotional and psychological well-being, and any problems you may have may have psychological foundations. While at the same time a healthy, happy and active sex-life could be the key to your emotional and psychological rejuvenation and well-being.

The psychological aspect of sex seems to be much more important to you than it is for others. Therefore it is important for you to get involved with someone you feel a great emotional attraction with whom you can relate at your level and who wants something more meaningful out of the sexual side of the relationship.

As far as sexual matters are concerned, you'll feel most at home in familiar surroundings and you will want a sexual partner who is tender and caring. Or, you may be motherly and protective of those with whom you are sexually involved.

No Planets in 8th House

There's more to life than sex

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

Cameron's Love Relationships

The 5th house describes romance and courtship; the qualities wanted in a lover and in a love relationship. You may be attracted to different types of lovers, but contentment is most likely with one person who combines the qualities shown.

 5th House Cusp

Deep and dark

While you are drawn to powerful and charismatic lovers, you sometimes end up in the sewer. Tremendously passionate, emotionally and sexually, you can also become possessive and jealous and your love life is likely to be one of extremes. You offer devotion and demand serious commitment in return.

Once someone touches your heart, however much of a rogue or oddity they are in the eyes of the world, you believe you can change them because of your deep conviction in the transformative power of love. And yes, miracles happen, but meantime you may at some point in your life be forced to examine whether it's your need for intense experience, rather than any one individual that is creating such scenarios.

You attract intense lovers, and it is easiest to concentrate on one lover at a time. It may be hard to extricate from relationships once formed, but it can be done, if desired, by slow, deliberate action after much deep, emotional probing.

Love and romance is on your doorstep

Your neighbours and siblings are likely to prove helpful in your pursuit of love and romance. Communication, whispering sweet nothings and love letters are a crucial part of romance for you. You may even find a lover through the personal ads in your local newspaper.

While flirtation is a real turn on for you, there may be times when you talk your way out the other side of the bed with a potential love mate who'd like a little more action and a little less conversation. A romance with someone from your schooldays could greatly colour your attitude to love.

You want lovers in close proximity; long-distance relationships aren't for you. You are not particularly drawn to the silent type because long pauses in conversation are uncomfortable. Besides, you believe romantic ideas should be talked about.

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems so they are more fully addressed here.

When Cameron's love affair shifts to a partnership the complexity of her relationship changes according to characteristics described by signs and planets in the 7th house, and the position of the house ruler outlined below.

♋ 7th House Cusp

Still waters run deep

Relationships can prove tricky for you. By nature you are very sensitive and intensely emotional, prone to deep moods and feelings and nowhere is it more apparent than in your close personal relationships. Therefore one of the qualities you look for in a partner is someone who can offer you security, emotional mainly but financial too. You are drawn to individuals who are often rather mature for their age, and you may team up with someone older who has acquired worldly goods and wisdom and is established in the world in some way. You need to be careful because your natural maternal instinct may lead you to take an almost parental role with your partner and your possessiveness and over protectiveness, often fuelled by your own insecurities, may nevertheless have a restrictive affect on your opposite number, especially if your protectiveness stops them from fulfilling their true potential.

Since you are so very sensitive and once committed reluctant to make a change even when things get rough you therefore need to choose wisely. However, your major decisions are likely to be more influenced by your heart than your head which is often how it should be but nevertheless try to make sure your affections for someone are based on more than a passing whim or infatuation. It is likely that some people have an almost disturbing influence on you emotionally, you are drawn to them but at the same time almost unable to communicate without betraying the deep emotions they stir within you. While this can be disconcerting and unsettling and may make it almost impossible to reach out for what is so close at hand, on the plus side, when you do get involved you are rewarded with much deep and loving experiences.

You may be drawn to the type that looks distant and aloof on the outside but who, like the still waters that run deep, are deeply sensitive and emotional underneath and with whom you can established a deeply meaningful emotional bond. Nevertheless you may attract the occasional cold fish who somehow manages to stir your emotions but who turns out to be as cold on the inside as they may appear on the surface, and who only serves to exacerbate your insecurities. Since you are so emotional it helps that your partner is more practical and businesslike about things. Although you may have many opportunities you might not find a suitable mate, or make a serious commitment, until you are into your thirties.

You want a partner to be proud of, and material security is important. Therefore, you may be drawn to someone who is already established in the world. With partnership comes responsibility, and at least one of you will be duty-oriented.

♊ in 7th House

No ordinary love

Because you demand a lot from life you also demand a lot from others and when it comes to your close personal relationships you don't want "no ordinary love". You are drawn to individuals who like yourself, have something more to offer the world or at least something different. 7th House Ruler ♃ in 11th House

Love and friendship

You need a partner who is also your friend. This is probably the most important factor you look for in a relationship and it may be that you become intimately involved with your friends. Your peer group and lifestyle is also likely to affect your choice of partner and type of relationship. However, it is important to distinguish friendship from love because a good friend doesn't always make a good partner.

Nevertheless, you'll probably remain good friends with your ex-partners. You also need a partner who is a kindred spirit, someone who shares your humanitarian ideals and hopes and wishes for the future. Since you're likely to be a bit of a socialite, it's through your social circle that you're most likely to meet your opposite number and it is important for you that they get on with your friends and like to be out and about as much as you.

You and your partner may be group-oriented and you could be united behind some humanitarian cause. You will definitely not be isolated from society. You need intellectual involvement in order to maintain your individuality and pure objectivity!

No Planets in 7th House

Take it or leave it

While relationships are important to you, they are not the be all and end all for you nor do they occupy as much of your time and energy as they do for some. Your relationships are subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the responsibilities and commitments of relationships often takes you away from the activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

This does not mean that you will never marry nor have a close one-to-one relationship. In fact, your demands are less complex than if you had planets here. You won't expect as much of a partner, and it may be easier to get along with yourself.

Cameron's Sexual Relationships

For relationships, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. As with the other houses, signs and planets in the house and house position of the ruler are used to determine Cameron's sexual needs and the characteristics of her sexual partners. Since sexual activity can be part of love affairs (5th house) or partnerships (7th house), decide which your relationship is and combine the definitions. If it's only sexual, you can ignore the other two houses.

8th House Cusp

Sexual rebel

Sexually surprising, outgoing and inventive you may intellectualise your desires in order not to be at the mercy of them. Often appearing a little bashful on first meeting you can find ingenious ways of getting your needs met and expressing them to others. While you may come across as endearingly sensitive, homely and even a bit of a traditionalist, when it comes to getting up close and personal with someone who makes your juices flow you can be something of a non-conformist, eager to experiment and to engage in different and even unusual sexual practices. You can be detached when it comes to sex.

Rebellious and impulsive you may express yourself and your needs in a contrary or unorthodox way, bordering on the perverse or peculiar and engaging in what some might consider sexual aberrations. You may perplex your partner by expressing your passions in an idiosyncratic and eccentric manner.

You have an intellectual curiosity about sexual matters, and your ideas may be nonconformist. You believe in maintaining individuality in this area and are not necessarily looking for emotional commitment from a sexual partner.

Part Two - Interactions Between You Both

How Justin is likely to get on with Cameron and the way Cameron might deal with Justin.

Characteristics you both share

Justin's ☾♊ Cameron's ♀ (07°54') ★★☆☆☆

Justin and Cameron can have difficulty understanding each other's perspective. While there is an initial mental attraction and mutual stimulation between Justin and Cameron, it will be their differences that form the base of the initial attraction. However it won't be long before differences of opinion lead to conflict.
