Forecaster for Johnny Depp

One Year Forecaster

As the planets move around the zodiac they make 'aspects' or angles to the planets in your birth chart. In astrology these 'aspects' are called 'transits' and they are detailed in the pages that follow.

Sometimes a planet may "aspect" another, then appear to move forwards and then backwards for a long period of time re-creating the same 'aspect' several times over. This backwards motion is known as 'retrograde' motion.

This forecast can be used as a helpful guide to the year ahead. At all times it is for you to choose the best path to follow and develop the most positive parts of your character.

Calling the shots

Sensing inevitable changes in your life this is a time for restructuring and planning ahead for the future. Travel is likely. You will also demand more personal freedom and independence. After all important decisions can't be made if you are feeling trapped and hemmed in by restrictions.

However, do take the advice of older people or people in authority. What they are telling you now is sensible, practical and should be heeded.

Feeling powerful and in control, you will want to be the one calling the shots you will want to be the one in control. And thankfully to your benefit others will be willing to allow you to take control. Sensing your confidence and determination, they will now be satisfied to follow your lead. As long as your behaviour remains reasonable and considerate there should be no major ego conflicts at this time - despite your tendency to dominate.

You also may suddenly develop a deeper interest in mystical or spiritual matters. Perhaps you will now be introduced to new beliefs or old ones will be reinforced. In any case, this would be an excellent time to study and appraise spiritual beliefs.

Any decisions made now should work to your benefit even if you don't immediately see and reap the rewards - they will eventually come.

As you will also be feeling so loving towards friends, lovers and family why not consider taking a holiday around now with someone you love? Or, if you can't get away maybe the holiday will come to you. You may have surprise visitors from abroad perhaps even family that you haven't seen for a long time!

Feeling receptive and sensitive to the wants and wishes of others, at the moment you will be more than happy to devote much of your time to those who need help - this could include some kind of charity work. Compassion will be your keyword during this period.

This is also a time when you will try to make dreams come true or you may go to the other extreme, and just lose yourself in wonderful daydreams. However, your first instincts were right - you CAN make your dreams come true now, so it would be a terrible waste to just sit around and expect everything to come to you!

Any form of artistic creativity and talent will be inspired now. Don't miss this brilliant chance of being able to put your creative ideas into concrete form; if you feel the urge to paint, write, compose music anything - then sit down, open the door to your imagination and let the ideas flow.

Transiting   your natal 

Look before you leap

This is a time when you will try to use other people, be they either personal or business contacts, to get ahead in life. But beware arrogance and be careful not to end up taking everything and giving nothing in return. Remember to help those who have helped you.

Also, financial extravagance and blind optimism could also deplete cash flow - you may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes.

A devil-may-care attitude, a desire for danger and adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your behaviour selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom, and then refuse to give it!

**Start of new 11-12 year period of 'being at peace with yourself'
"Finding yourself"**

During this time the deeper, more profound and perhaps even spiritual meaning of life will be addressed. Your own individual religious beliefs will dominate your thoughts and being.

You may seek to "find yourself" through travel, perhaps even go on long distance journeys, on a particular kind of pilgrimage. This could be a search for religious experiences, or to satisfy a charitable need to help the underprivileged of this world.

Feeling a surge of warmth and compassion towards everyone around you, generosity of spirit and sympathy will now come to the fore. Family, friends, and anyone in need, will now benefit from your kindness and understanding.

If artistically inclined, then this could be a time of great inspiration and creative achievement.

However, a word of warning, you may also try to escape the harsher realities of life by preferring to live in a world of daydreams. Therefore, this wouldn't be the best time to make any major decisions concerning your future, especially financial decisions. Gambling and speculative investment should also be avoided until this period has passed, as at this time judgement may be clouded by ideals rather than practical considerations.

Reaping rewards

This is a time of reckoning a time to come to terms with the way you've led your life, but especially over the past seven and fourteen years. Firstly, think back fourteen years - and think back to what you started in your life at that time. Then think seven years on. Events, which occurred both seven and fourteen years ago, are now likely to affect your life again.

You may now either reap the rewards of past hard work and effort - or enforced changes may disrupt your daily routine. Either way, there is likely to be an increase in responsibility in personal and/or professional relationships. Significant changes may now take place.

However, don't fight these changes and don't swim against the tide - go with the flow. Physical tiredness could cause ill health. Save your energy as much as you can. Avoid making business or financial decisions or starting new projects.

Ambitious

During these few days you are capable of much hard work, channelling a great deal of energy and drive towards achieving goals and ambitions and interference will not be tolerated. Competitors will be left standing as you shoot ahead into the fast lane.

Transiting ♃ ☐ your natal ♃

Confusion

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated as if you could conquer the world and the next minute plunging into the depths of depression questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them even if you are in one of your "doubting" moods. These opportunities will represent a new chance to break free from outworn inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forwards and yet another step backwards this period is all about balanced personal growth for everything you learn something will have to fall by the wayside maybe an outworn idea maybe a mundane job maybe even a stale relationship but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time, don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Transiting ♃ ♄ your natal ♀

Feeling confident

Keep hold of your purse strings, because this could be an expensive time ahead! Confidence will be your keyword - you will feel as if you can handle anything. No job will seem too big to tackle. The only problem is that bubbling over with overconfidence could land you in hot water! Don't promise more than you can deliver - and don't spend more than you can afford to.

If entering into financial or business negotiations - then make sure you take professional advice. Someone will have to read the small print!

Also, don't become a "know-it-all". A certain element of arrogance could prevent you from listening to the other person's point of view. Be aware of this possibility, and keep a level headed balance when voicing opinions.

Another word of warning, be careful not to over-extend or over-commit yourself. No matter how much you think you can handle, you are only human, and you will get tired from time to time. Make sure that you allow yourself plenty of time for rest and relaxation.

You will not be in the mood to take life too seriously during this time - so important decisions should be temporarily postponed until you feel more self assertive and more committed to action rather than daydreams.

Financially, this could be an extremely extravagant period. Beware overspending on luxury items, which will end up gathering dust in a forgotten drawer. If you can't resist spending money, then carefully considered business investments entered into now will prove more beneficial in the long run.

Keep the breaks on

Freedom will be very important to you now. Interference in both your personal and professional life will not be tolerated. Restrictions on your independence will seem equally intolerable.

Feeling restless, and perhaps a little bit tetchy it will be very difficult to settle down during this time. Mood swings will make your behaviour unpredictable. Unexpected major changes are also likely to occur these changes may be lucky breaks or they could be extremely disruptive to daily routine!

Patience will be needed during this time, don't rush plans and ideas. And don't fight against others and be negative simply for the sake of it! Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles.

There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Arrogance

During this period you really will not take no for an answer! However, avoid being narrow-minded you can't be right all the time, and certainly don't allow your sense of self-importance to become over-inflated.

Being self assertive is one thing, but at times over-confidence can seem rather arrogant and opinionated to others. Unfortunately, lacking both tact and moderation, this is a time when you could really put your foot in it! Slow down a little both in thought and action.

Beware extravagance in all financial, business and career matters. Avoid exaggeration and don't promise more than you can deliver and don't become involved in shady business deals which are just slightly on the wrong side of the law. This would certainly not be the best time to fight any legal battles.

You could have problems with people in authority during this time - taking orders and instructions could prove somewhat difficult as you will be under the impression that you know better. Your behaviour could even become somewhat threatening.

Anything to do with foreigners, foreign places or travel could be somewhat precarious during this time - so avoid taking foolish risks. If on holiday, then don't, for example, go for a moonlight stroll through the seedy end of a foreign town. Stay in safe and well lit areas.

Unrealistic expectations

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. In trying to achieve too much too fast, your relentless efforts and lack of diplomacy may also cause conflicts with others.

You may now try to restructure your life - but again may find yourself fighting against limiting restrictions or obstacles. This urge to rebuild or start a new phase in your life could manifest through your inner self and personality - or you may actually find yourself involved in tangible rebuilding of a property or community scheme. Either way, this will be a time for regenerative expansion.

Personal and love relationships could also find themselves in the firing line - you could become the victim of a misunderstanding or someone you love and trust could now be trying to take advantage in some way. Or this insincere and manipulative behaviour may originate from you, being aimed and fired towards unsuspecting loved ones.

Beware becoming involved in dubious financial schemes. Legal matters may cause worry and headaches.

Turning point

This period could represent a major turning point in your life - both on a material and spiritual level.

Feeling ambitious, wanting to do everything in a very grand and showy way could be a big problem. Over-confidence and an over-inflated ego could be another problem, so don't take on more than you can handle and don't promise more than you can deliver!

Also another word of warning. Be careful not to over tire yourself. No matter how much you think you can handle, you are only human, and you will get tired from time to time. Therefore, make sure that you allow yourself plenty of time for rest and relaxation.

This period could be summed up in three words positive, restless energy. You may want to break away from your normal routine but think carefully before rushing headlong into action.

Problems with colleagues at work, or people in authority, are possible. Through exuberance and over-enthusiasm, you may give the impression that you want to achieve too much too quickly. You may think you have all the answers - and therefore you could overstep the mark seeking confrontation instead of compromise.

Seeds of doubt

During this time you may feel as if your ideals, ambitions and actions are being challenged and tested in some way by forces far beyond your reach. These "tests" are likely to come in the form of disruption and change, either to your normal daily lifestyle, or perhaps even shaking the very foundations of long term plans and ambitions.

If you lack confidence and are unhappy with your present lifestyle, then you will sow the seeds of doubt in your mind as to whether you want to continue along the path that you are now following.

Even if you are satisfied with the current course that your life is following, unexpected changes may cause unwanted disruptions. For example, an unexpected love affair could rock the foundations of a stable marriage or sudden developments at your place of work or in your business could threaten your future career path or at the very least, cause you to question the path that you've chosen.

Either way, restlessness and a longing for freedom could also cause you to abandon personal responsibilities, with your changeable and unstable behaviour creating confusion and conflicts in both your personal and professional life.

Strong foundations

To say that you've had a better time in love relationships would be an understatement. Tension, conflict, friction they are all words to describe the way you are now likely to be feeling towards a partner. If there have been problems, which have been bubbling away beneath the surface, are now likely to erupt, and if the differences are irreconcilable, then the relationship may come to an abrupt halt.

However, a strong and basically secure relationship built on firm foundations could survive this rather turbulent period - and although by the end of all the emotional combat you both emerge somewhat traumatised you will also emerge with a stronger understanding of each other's needs and a love which will survive against all odds.

This unsettled, restless and impulsive behaviour could affect all areas of your life, not just your love life. Work, career, relationships with friends and family they are all now vulnerable to a sense of anxiety and tension. You are now likely to feel that you just can't be bothered with all the pressures and responsibilities that life throws forward on a daily basis. However, when planning your escape route, be sure that your plans are carefully thought out or the escape route could lead you down dangerous paths.
