Predictor for Angelina Jolie

## One Year Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.\* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the year ahead should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

\*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.

### From about: 1 August 2006 to about: 18 August 2006

♂ in 2nd House

#### **Mars is Transiting your Natal Second House**

This is a time when material possessions will assume more importance than usual and you will gauge your self worth by your financial position. Much energy will be ploughed into making money. However, being equally extravagant, money will flow out as quickly as it flows in. Beware making impulsive purchases which you will neither need nor like in a few weeks time. You will fight for the things that you value with persistence and determination that is second to none, but there is also the potential for disagreements regarding finances.

### From about: 1 August 2006 to about: 24 October 2006

♃ in 4th House

#### **Jupiter is Transiting your Natal Fourth House**

This should be a time of peace and security within the home. All matters relating to property will be especially favoured, whether you are buying, selling or redecorating investment property or your home. This should also be a time of generosity, stability and security within your home life. If need be, turn to your family for help. It is also a time to put down roots. Having reached a cross-roads, you will now have to face truths about yourself, even those you do not really want to acknowledge, but at least then you will be free to choose the next path to follow. Parents may now offer financial help.

**From about: 1 August 2006 to about: 26 September 2006**

**From about: 21 February 2007 to about: 16 June 2007**

 in 1st House

### **Saturn is Transiting your Natal First House**

This is a time when you may find it difficult to be open and spontaneous, fearful of appearing foolish. Responsibilities will increase, but so may your accomplishments. But take care not to overload yourself with commitments, or your drained energies could cause you to become weary and withdrawn. Until recently priorities revolved around relationships with others and being concerned with how others saw you and related to you. You will now and for the next few years, need to be more introspective, turning your thoughts towards your emotional and mental needs.

**From about: 1 August 2006 to about: 10 April 2007**

 in 8th House

### **Uranus is Transiting your Natal Eighth House**

Sudden changes of fortune are now likely, so expect disruption in joint finances, insurance, tax or inheritance. Do not become dependant on someone else's finances during this time, you will only come to resent it in time to come. Feeling the need to break free from restrictions and attachments imposed by others, you will now want to go your own way. Some phases of your life may end suddenly and irreversibly. Fascinated by the meaning of life and death, a new understanding of these matters will be sought. An exciting yet unstable love relationship may also start and end within a short space of time.

**From about: 1 August 2006 to about: 18 March 2007**

 in 7th House

### **Neptune is Transiting your Natal Seventh House**

You may now approach relationships with excessive romantic idealism. Of course, you could be lucky and meet someone who is as idealistic as you are but such individuals are very rare. It is more likely that you will place your lover on too high a pedestal, and then be disappointed when they do not live up to your expectation. You may also be attracted to people who you feel need your help. In surrendering your own needs you may feel you are showing true love. But, you too are only human, and sooner or later your own needs will resurface, putting a great deal of strain on the relationship. Do not place unrealistic expectations on others, and do not allow them to walk all over you. This is not a good time for legal proceedings as poor communications and misunderstandings are likely.

**From about: 1 August 2006 to about: 30 January 2007**

**From about: 5 June 2007 to about: 31 July 2007**

### **Pluto is Transiting your Natal Fifth House**

You should now avoid gambling or speculation as there is a possibility of losing control and destroying everything you have built up. On the other hand there is also the potential of accumulating riches or power, depending on how you handle the situation. Children may now also be the source of inspiration and transformation or there may be power struggles with your children. Love affairs and sexual relationships could be intense, obsessive and passionate - also undergoing drastic changes or disruption. However, any relationship that survives this period will grow from strength to strength.

**From about: 1 August 2006 to about: 3 August 2006**

**Transiting Saturn Sextile your Natal Sun**

This is a time of patience and self discipline, with excellent clarity of thought. You should now have the strength, determination and concentration required to achieve personal and professional goals and ambitions, and you will be down to earth and honest in all your dealings.

Recognition and rewards are now likely to come your way and you may even find yourself in the public eye or in a higher position of authority. You should also have more contact with powerful well-known people and new friendships may be formed with older individuals.

Success is likely through hard work and patience. In fact, this could seem quite a lucky time when plans, ideas and opportunities seemingly appear from nowhere. But if you think back over the past few years you will realise that these welcome rewards are the result of previous hard work and efforts. Because of your patience, excellent organisational abilities and farsightedness, this is also a time to reinforce the structure and foundations of your life, against the possibility of future problems.

Business contacts could develop into romance, one of you could possibly be much older than the other. Either way this new lover will probably have a stabilising effect on your life guiding you through previously unexplored territories.

**From about: 1 August 2006 to about: 1 August 2006**

**Transiting Saturn Trine your Natal Moon**

If a love affair or relationship has recently ended, avoid the temptation to stray back no matter how lonely or depressed you may be feeling.

Some of you may be feeling tired and worn out, as if you have nothing left to give. This is painful, but do not be too hard on yourself. However, there is a lesson to be learned now, perhaps in the past you have set your ideals far too high, creating a situation where you were constantly seeking an almost impossible perfection in yourself and others. In future, you may stop being so critical and the pedestal may not be set quite so high and you may allow yourself to be a bit more realistic. But for now, no matter how you feel, let the past go there is a happy and bright future to look forward to.

Avoid the temptation to withdraw from life especially from women. They could actually be of tremendous support to you now if you only let them.

### **Transiting Uranus Square your Natal Sun**

During this time you may feel as if your ideals, ambitions and actions are being challenged and tested in some way by forces far beyond your reach. These "tests" are likely to come in the form of disruption and change, either to your normal daily lifestyle, or perhaps even shaking the very foundations of long term plans and ambitions.

If you lack confidence and are unhappy with your present lifestyle, then you will sow the seeds of doubt in your mind as to whether you want to continue along the path that you are now following.

Even if you are satisfied with the current course that your life is following, unexpected changes may cause unwanted disruptions. For example, an unexpected love affair could rock the foundations of a stable marriage or sudden developments at your place of work or in your business could threaten your future career path or at the very least, cause you to question the path that you have chosen.

Either way, restlessness and a longing for freedom could also cause you to abandon personal responsibilities, with your changeable and unstable behaviour creating confusion and conflicts in both your personal and professional life.

Major decisions should be postponed, especially financial decisions. This is not the right time to gamble or make investments or purchase important and expensive acquisitions or property.

Special attention should also be paid to your health, recharge your batteries with regular healthy exercise, a sensible diet also make time for rest and relaxation.

Wanting to escape daily drudge and burdensome responsibilities you may now also feel more inclined to live in a world of daydreams and fantasy rather than the real world.

A past friendship may be renewed, or an old romantic flame rekindled.

However, as creativity should also be enhanced and if you have recently been lacking the necessary inspiration to pursue creative and artistic projects then now is the time to try writing, composing music, drawing, painting whatever you consider is your field. Sexual passions will also be running high, but a strong independent streak in your approach to love relationships may also cause some conflict. As a parent, you may now feel that your family commitments or children are restricting your freedom. Therefore this, combined with excessive energy, could cause arguments. Keep both your children and yourself physically active, but away from danger.

Sensing inevitable changes in your life this is a time for restructuring and planning ahead for the future. Travel is likely. You will also demand more personal freedom and independence. After all important decisions cannot be made if you are feeling trapped and hemmed in by restrictions.

However, do take the advice of older people or people in authority. What they are telling you now is sensible, practical and should be heeded.

Feeling powerful and in control, you will want to be the one calling the shots you will want to be the one in control. And thankfully to your benefit others will be willing to allow you to take control. Sensing your confidence and determination, they will now be satisfied to follow your lead. As long as your behaviour remains reasonable and considerate there should be no major ego conflicts at this time, despite your tendency to dominate.

You also may suddenly develop a deeper interest in mystical or spiritual matters. Perhaps you will now be introduced to new beliefs or old ones will be reinforced. In any case, this would be an excellent time to study and appraise spiritual beliefs.

**Transiting Jupiter conjunct your Natal Neptune**

During this time the deeper, more profound and perhaps even spiritual meaning of life will be addressed. Your own individual religious beliefs will dominate your thoughts and being.

You may seek to "find yourself" through travel, perhaps even go on long distance journeys, on a particular kind of pilgrimage. This could be a search for religious experiences, or to satisfy a charitable need to help the underprivileged of this world.

Feeling a surge of warmth and compassion towards everyone around you, generosity of spirit and sympathy will now come to the fore. Family, friends, and anyone in need, will now benefit from your kindness and understanding.

If artistically inclined, then this could be a time of great inspiration and creative achievement.

However, a word of warning, you may also try to escape the harsher realities of life by preferring to live in a world of daydreams. Therefore, this would not be the best time to make any major decisions concerning your future, especially financial decisions. Gambling and speculative investment should also be avoided until this period has passed, as at this time judgement may be clouded by ideals rather than practical considerations.

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different and whatever you do start during this time should turn out well. Business deals should be particularly profitable around now.

Freedom and a sense of independence will also be of importance to you so there will be the temptation to break free of any restrictions whether personal or professional, which are seemingly holding you back and keeping you stuck in a rut.

However, putting other people's needs before your own, you will not be selfish in whatever action you take. If you are going to break free, then it will be done in such a way as to consider other's feelings. In fact, during this time, new exciting and unusual friendships could be formed.

Some pleasant news or a small unexpected windfall may also come your way as a sort of "thank you" for a favour done in the past a favour long forgotten by yourself, but not by the recipient. All good things come to those who truly deserve them.

Increased perception, intuition and telepathy will enable you to almost anticipate other's thoughts and action during this period. It will be as if you know what they are going to do or say before they have even had a chance to take action.

Consequently, you will be able to talk more easily with others and this will give you a better understanding of how they are thinking, feeling and maybe be suffering at the moment. But this sensitivity can work both ways you could also be easily hurt by others.

During this period, creativity is likely to intensify, as there should now be a perfect balance between your logical, rational mind, and your intuition. In other words, you will be able to give some kind of concrete form to thoughts and ideas.

So, now is the time to use your heightened imagination and enhanced creative talents in a positive way perhaps through writing, acting, composing music, painting, drawing or whatever particular artistic pursuit you enjoy the most.

There may be some contact with friends, family or business contacts abroad, or contact with foreigners.

Religious, metaphysical and spiritual thoughts and beliefs are also likely to be heightened now. But it will not be enough to just believe an event will trigger a reaction whereby spiritual teachings will have to make intellectual sense. This could prompt a study of metaphysical subjects in order to quench your thirst for knowledge. You now want to "know" not just "believe".

A great deal of energy will now be channelled into your career and the achievement of ambitions. You will now be able to work extremely hard until a job is done. Taking the initiative, you will direct your energies in a self-assertive and aggressive way. However, if you manage to get others on your side, then this could be an extremely productive and successful time. But do beware the tendency of identifying your ego with status and position.
