Transits for Madonna Aug 2003

Introduction to Forecaster

There are two types of transits or movement of the planets - long term, and short term daily transits.

The long term transits can effect your birth chart for up to two to three months, and due to astrological cycles, these transits will occasionally recur during the year. The main thing to remember is that these transits represent trends and it is up to the individual to make the best of them. A good guideline is to take advantage of the good periods, and turn the not so good periods to your advantage! For example, if you are aware that you are likely to be argumentative on a particular day, then you may be able to divert your energies and avoid arguments or disputes before they happen. Astrology is not a tool of fate - it doesn't rule your life - it should be used as a guide. Ultimately, it is up to every individual to take control of their lives.

The short term daily transits usually only last a day or two - occasionally up to one week.

There will be times when several long term transits overlap, and may even counteract each other. The best thing to do is to read through the information carefully, and then integrate that information to create a whole picture for the period the transits are in effect.

Please bear in mind that unless the time of birth provided was exact, then it is likely that the exact effect of the transits may be felt either several days before or after the dates given. You will soon be able to regulate the pattern by following the transits carefully.

**Neptune is opposite your Natal Uranus*

Peculiar moods and unpredictable emotions could cause bewilderment, strain and tension. You will now be thrown off balance by unexpected events and changes - and your sense of reality could be dramatically altered. Hidden secrets may now be revealed. Goals, ambition and future plans may suddenly become confused and irrelevant.

Although you will now be drawn to the mystical and religious side of life, avoid foolhardy psychic and psychological experiments and practices - they will only add to the confusion already in your mind as will an excess of drugs or alcohol. Also, this isn't a time to put your trust in people you don't know well as you could become the victim of deceit and dishonesty.

Sometimes this transit brings a time of reckoning - a time to come to terms with your life so far and how well you've integrated the physical and mystical side of life. If one has been ignored for the other - then

you still have time to make amends and redress the balance.

Sudden financial difficulties could concern inheritance, insurance or tax matters.

Both personal relationships and business partnerships will be subject to change during this time. One of you within the relationship is feeling jumpy and edgy and is either demanding too much control - or going to the other extreme and not pulling their weight. Inevitably this could create arguments and conflicts as the other partner will feel put upon and hard done by. If changes are to be introduced, then they must be done by mutual agreement.

You will be riding an emotional seesaw during this period - up one minute and down the next. Unpredictable, unstable and erratic behaviour could leave you emotionally drawn - one minute you will crave personal independence and the next emotional security. It will be hard to resist the temptation to break away and run for freedom, hoping that problems will work themselves out. There are likely to be changes and disruptions in your home, daily routine and personal life during this period.

Increased frenetic activity and too much pressure to make important decisions instantly could quickly lead to raw and frazzled nerves. Beware "overloading" the system, as increased tension and strain will now be felt more acutely.
